WITNESSETH.

WHEREAS, the Debtor, the Owner Trustee and the Secured Party have entered into that certain Supplement to Trust Indenture and Security Agreement (UTC Trust No 2000-A) (L-16) dated as of July 1, 2012 (the "Supplemental Indenture"), pursuant to which the Debtor has assumed all of the Owner Trustee's rights and obligations with respect to the Equipment Notes under the Indenture as a portion of the purchase price for the Equipment, and

WHEREAS, pursuant to the Supplemental Indenture, the Debtor desires to execute and deliver this Agreement in order to comply with its obligations under the Indenture and the other Operative Agreements in connection with such assumption pursuant to the Supplemental Indenture and has requested the Secured Party to join with it in the execution and delivery of this Agreement

The Debtor does hereby warrant and represent that it has not assigned or pledged, and hereby covenants that it will not assign or pledge, so long as the assignment hereunder shall remain in effect, any of its right, title or interest hereby assigned, to anyone other than the Secured Party.

3. Representations and Warranties of the Debtor. The Debtor hereby represents and warrants to the Secured Party that

(a) the Debtor is a corporation duly organized, validly existing and in good standing under the laws of State of Delaware, is duly licensed or qualified and in good standing in each jurisdiction in which the failure to so qualify would have a material adverse effect on its ability to carry on its business as now conducted or to assume and enter into and perform its obligations under the Indenture and this Agreement, has the corporate power and authority to carry on its business as now conducted and has the requisite power and authority to execute, assume, deliver and perform its obligations under the Indenture and this Agreement

(b) the Supplemental Indenture and this Agreement have been duly authorized by all necessary corporate action (no stockholder approval being required), have been duly executed and delivered or assumed by the Debtor and, assuming the due authorization, execution and delivery by each other party thereto, will constitute the legal, valid and binding obligations of the Debtor, enforceable against the Debtor in accordance with their respective terms except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally and by general principles of equity.

(c) the assumption or execution and delivery and performance by the Debtor of the Indenture and this Agreement and compliance by the Debtor with all of the provisions thereof do not and will not contravene any law or regulation or any order of any court or governmental authority or agency applicable to or binding on the Debtor or any of its properties, or contravene the provisions of, or constitute a default by the Debtor under, or result in the creation of any Lien (except for Permitted Liens) upon the property of the Debtor under its certificate of incorporation or by-laws or any indenture, mortgage, contract or other agreement or instrument to which the Debtor is a party or by which the Debtor or any of its property is bound or affected.

(d) no consent, approval or authorization of, or filing, registration or qualification with, or the giving of notice to, any trustee or any holder of indebtedness of Debtor or any governmental authority on the part of the Debtor is required in connection with the assumption or execution and delivery by the Debtor of the Supplemental Indenture and this Agreement, other than the filings and registrations contemplated by the provisions of the Lease incorporated by reference in Section 4 hereof.

(e) this Agreement will on or before the date hereof be duly filed with the STB pursuant to 49 U.S.C. §11301 and deposited in the Office of the Registrar General of Canada pursuant to Section 105 of the Canada Transportation Act and such filing with the STB pursuant to 49 U.S.C. §11301 and such deposit in the Office of the Registrar General of Canada, along with the other filings contemplated hereby hereof, will perfect the Secured Party's rights in the Units and, except as otherwise expressly contemplated by the provisions of Section 4.19 hereof, no other filing, recording or deposit with, or giving of notice to any other federal, state, provincial or local government or agency thereof is necessary in order to protect the rights of the Secured Party in the Units in the United States, any state thereof, the District of Columbia or to protect the rights of the Secured Party in the Units in Canada or any province thereof.

(f) the Units are covered by the insurance required by Section 4.12 through 4.17 hereof and all premiums due prior to the date hereof in respect of such insurance shall have been paid in full.

4. Covenants of Debtor.

4.1 *Duty to Number Equipment* With respect to the Units existing on the date of this Agreement, Debtor has caused, and as soon as practicable after the date on which Replacement Units are acquired in accordance with Section 4.11(b) hereof, Debtor will cause, each Unit to be numbered with its reporting mark shown on Exhibit A hereto. Debtor will not change the reporting mark of any Unit except in accordance with a statement of new reporting marks to be substituted therefor, which statement shall be delivered by Debtor to Secured Party and, so long as the Indenture shall not have been discharged pursuant to its terms, to the Indenture Trustee prior to or contemporaneously with such change. A supplement to this Agreement and, if not so discharged, the Indenture, with respect to such new reporting marks, shall, prior to or contemporaneously with the substitution of such reporting marks, be filed or recorded in all public offices where this Agreement and the Indenture shall have been filed or recorded and in such other places, if any, where Secured Party and, so long as the Indenture shall not have been discharged pursuant to its terms, the Indenture Trustee may reasonably request in order to protect, preserve and maintain its right, title and interest in the Units. The costs and expenses of all such supplements, filings and recordings shall be borne by Debtor.

Section 4.2. *Prohibition Against Certain Designations* Except as expressly provided herein, Debtor will not allow the name of any Person to be placed on any Unit as a designation that might reasonably be interpreted as a claim of ownership, provided, however, that subject to the delivery of the new reporting marks statement specified in the second sentence of Section 4.1, Debtor may cause the Equipment to be lettered with the names or initials or other insignia customarily used by Debtor or any permitted lessees or any of their respective Affiliates on railroad equipment used by it of the same or a similar type for convenience of identification of the right of Debtor to use the Equipment or any permitted lessee to use the Equipment pursuant to a lease permitted hereby.

Section 4.3 *Liens* Debtor will not directly or indirectly create, incur, assume, permit or suffer to exist any Lien on or with respect to any Units or Debtor's interest therein, except Permitted Liens, and Secured Party Liens, and Debtor shall promptly, at its own expense, take such action or cause such action to be taken as may be necessary to duly discharge (by bonding or otherwise) any such Lien not excepted above if the same shall arise at any time.

Section 4.4. *Maintenance and Operation.*

(a) Debtor, at its own cost and expense, shall maintain, repair and keep each Unit (i) according to prudent industry practice, in good working order and in good physical condition for railcars of a similar age and usage, normal wear and tear excepted, (ii) in a manner consistent with maintenance practices used by Debtor in respect of equipment owned or leased by Debtor similar in type to such Unit, (iii) in accordance in all material respects with all manufacturers' warranties and in accordance with all applicable provisions, if any, of insurance policies required to be maintained pursuant to Section 4.12 through 4.17 hereof, and (iv) in compliance in all material respects with any applicable laws and regulations, including, without limitation, the Field Manual of the AAR, FRA rules and regulations and Interchange Rules as they apply to the maintenance and operation of the Equipment in interchange regardless of upon whom such applicable laws and regulations are nominally imposed; provided, however, that Debtor may, in good faith and by appropriate proceedings diligently conducted, contest the validity or application of any such standard, rule or regulation in any reasonable manner which does not materially interfere with the use, possession or operation of any of the Units or materially adversely affect

the rights or interests of the Secured Party in the Equipment or hereunder or otherwise expose the Secured Party or any Noteholder to criminal sanctions. Debtor shall provide the Secured Party with notice of any contest of the type described in the preceding sentence in detail sufficient to enable the Secured Party to ascertain whether such contest may have an effect of the type described in the preceding sentence. In no event shall Debtor discriminate as to the use or maintenance of any Unit (including the periodicity of maintenance or record keeping in respect of such Unit) as compared to equipment of a similar nature which Debtor owns or leases. Debtor will maintain all records, logs and other materials required by relevant industry standards or any governmental authority having jurisdiction over the Units required to be maintained in respect of any Unit.

(b) Debtor shall not nor shall it expressly permit any lessee to change a DOT classification (as provided for in 49 C.F.R. Part 179 or any successor thereto), or expressly permit any lessee to operate any Unit under a different DOT classification, from that classification in effect for such Unit on the date hereof, except for any change in tank test pressure rating provided such change does not increase the pressure rating of the Unit above the tank test pressure to which the Unit was manufactured; provided however, that in the event the holders of the Equipment Notes shall not have provided Debtor with a written waiver or consent to such a reclassification or operation of any Unit within 10 Business Days of Debtor's written request therefor (or the holders of the Equipment Notes expressly reject such a request by Debtor), Debtor may replace such Unit in accordance with and subject to the provisions of Section 4.11(b)(i) and 4.11(c).

Section 4.5. *Possession.* Debtor shall be entitled to the possession and use of the Equipment by it or any Affiliate, in the United States, Canada and Mexico, only in the manner for which it was designed and intended and so as to subject it only to ordinary wear and tear. In no event shall Debtor make use of any Equipment in any jurisdiction not included in the insurance coverage required by Section 4.12 through 4.17 hereof. The Equipment shall be used primarily on domestic routes in the United States, and in no event shall more than 20% of the Units be used (as determined by mileage records) outside the continental United States (exclusive of Alaska) during any taxable year in which the transaction generates losses for federal or state income tax purposes. Nothing in this Section 4.5 shall be deemed to constitute permission by Secured Party to any Person that acquires possession of any Unit to take any action inconsistent with the terms and provisions of this Agreement or any of the other Operative Agreements. The rights of any Person that acquires possession of any Unit pursuant to this Section 4.5 shall be subject and subordinate to the rights of Secured Party hereunder.

Section 4.6. *Lease; Replacement of Units.* Provided the Secured Party shall not have declared this Agreement to be in default (or this Agreement shall not be deemed to have been declared in default) pursuant to Section 7 hereof, Debtor shall be entitled, without the prior approval of the Secured Party, to enter into a lease for any Unit or Units (pursuant to a car service contract or otherwise) to, or to grant permission for the use thereof under car contracts by, (a) a railroad company or companies incorporated under the laws of the United States or any state thereof or the District of Columbia, Canada or any province thereof, or Mexico or any state thereof, upon lines of railroad owned or operated by such railroad company or companies or over which such railroad company or companies have trackage rights or rights for operation of their trains, and upon connecting and other carriers in the usual interchange of traffic or (b) responsible companies other than railroad companies for use in their business (leases to such lessees being herein referred to as "Permitted Leases"); provided, however, that if Debtor leases any Unit to a lessee which operates primarily in Mexico (or any state thereof), Debtor shall first have made all registrations, filings and deposits which are necessary or advisable under then-current prudent industry practice (including any actions reasonably requested by the Secured Party) to protect the right, title and interest of the Secured Party under this Agreement in and to the Units to be so leased. All leases shall include appropriate provisions so that such leases, (i) shall in all events be subject and subordinate to this Agreement and the rights and interests of the Secured Party and its respective successors and assigns

hereunder and shall confirm such subordination by a provision substantially in the form currently contained in Debtor's standard car service contract delivered to the Secured Party prior to the date hereof, or otherwise as satisfactory to the Secured Party, and (ii) shall not include any term or provision which could reasonably be expected to result in material adverse consequences to the Secured Party or the holders of the Equipment Notes. Notwithstanding the foregoing, in the event Debtor enters into a lease with respect to one or more Units, which lease contains terms and conditions that are not consistent with the requirements hereof (provided that in no event shall the existence of such inconsistent term or condition relieve Debtor of any of its obligations hereunder or constitute a waiver by the Secured Party of compliance by Debtor with such obligations), Debtor may do so without violating this Agreement and will have the option to replace such Unit with another Unit in accordance with and subject to the provisions hereof and of Section 4.11(b)(i) and 4.11(c) hereof (and in any event shall effect such replacement prior to the time that such inconsistent term or condition results in a breach of any provision of this Agreement) by delivering to the Secured Party, not less than 15 days prior to such replacement, a notice stating that Debtor has exercised its option hereunder and advising the Secured Party of the date on which the Unit to be replaced will be so replaced; provided that such notice shall be accompanied by an Officer's Certificate (executed by Debtor's President or any Vice President) stating that such replacement is required for valid business reasons arising in the ordinary course of Debtor's business as an operating lessor and briefly setting forth the reasons therefor. In the event Debtor exercises its option herein, on the date specified for replacement in the notice delivered by Debtor in connection therewith, Debtor and Secured Party shall deliver to each other such documents and other instruments as are required by Section 4.11(c) hereof. Except in connection with an assignment pursuant to a transaction permitted by Section 5(a) hereof, no lease entered into by Debtor hereunder shall relieve Debtor of any liability or obligation hereunder, which shall be and remain those of a principal and not a surety. Nothing in this Section 4.6 shall be deemed to constitute permission to any Person in possession of any Unit pursuant to any such lease to take any action inconsistent with the terms and provisions of this Agreement or any other Operative Agreement.

Section 4.7. *Replacement for Valid Business Reasons* Provided the Secured Party shall not have declared this Agreement to be in default (or this Agreement shall not be deemed to have been declared in default) pursuant to Section 5.01 hereof, Debtor shall be entitled, without the prior approval of the Secured Party, when for valid business reasons (independent of events solely in Debtor's control) arising in the ordinary course of business to replace another Unit in accordance with the provisions hereof and of Section 4.11(b)(i) and 4.11(c) hereof by delivering to the Secured Party, not less than 15 days prior to such replacement, a written notice stating that Debtor has exercised its option hereunder and advising the Secured Party of the date on which such Units are to be replaced and appropriately identifying such Unit; provided that, except for the replacement of a Unit resulting from the proposed sale of such Unit by Debtor, Debtor may not replace a number of Units that exceeds 25% of the Units subject to this Agreement (determined as of the close of business on the Closing Date) Such notice shall be accompanied by an Officer's Certificate (executed by Debtor's President or any Vice President) stating that such replacement is required for valid business reasons arising in the ordinary course of Debtor's business and briefly setting forth the reasons therefor. On the date specified for replacement in the notice delivered by Debtor in connection therewith, subject to the satisfaction of the conditions set forth in Section 4.11(c) hereof, and Debtor and Secured Party shall deliver to each other such documents and other instrument as are required by such Section 4.11(c).

Section 4.8 *Required Modifications* In the event the AAR, the United States Department of Transportation, or any other United States, state or local governmental agency or any other applicable law requires that any Unit be altered, replaced or modified (a "Required Modification "), Debtor agrees to make such Required Modification at its own expense; provided, however, that Debtor may, in good faith and by appropriate proceedings diligently conducted, contest the validity or application of any such law, regulation, requirement or rule in any reasonable manner which does not materially interfere with the use,

possession, operation or return of any Unit or materially adversely affect the rights or interests of Secured Party and the Indenture Trustee in the Equipment or hereunder or otherwise expose Secured Party, the Indenture Trustee or any Participant to criminal sanctions or relieve Debtor of the obligation to return the Equipment (a) capable of performing the functions for which it was designed, with all loading and unloading components operating in good working order with allowance for normal wear and tear, (b) suitable for use in interchange in accordance with the Field Manual of the AAR and FRA rules and regulations, (c) suitable for continued commercial use in the commodity last carried immediately prior to such return, (d) in all material respects, in the condition required by Section 4.4, (e) in conformance with any requirement pertaining to warranties of the manufacturers of the Units during the warranty period, (f) fit for loading and acceptable for interchange service generally in the transportation industry after giving effect to a transfer or change in ownership (in accordance with applicable interchange rules), (g) empty, (h) steam cleaned or otherwise cleaned in a comparable commercially acceptable manner, and (i) free and clear of all Liens except Permitted Liens of the type described in clause (iii) of the definition of Permitted Liens to the extent arising as a result of a fleet wide action which includes such Unit. Notwithstanding anything herein to the contrary, if Debtor determines in good faith that any Required Modification to a Unit would be economically impractical, in lieu of making the Required Modification as provided above, Debtor may provide written notice of such determination to Secured Party and treat such Unit as if an Event of Loss had occurred as of the date of such written notice with respect to such Unit, provided that upon such occurrence Debtor shall have only the right to replace such Unit under the provisions of Section 4.11(b)(i) and 4.11(c), provided that Debtor shall not discriminate against such Unit in making such determination of economic impracticality as compared with other equipment of the same type as such Unit which is owned or leased by Debtor.

Section 4.9. *Optional Modifications* Debtor at any time may in its discretion and at its own cost and expense modify, alter or improve any Unit in a manner which is not required by Section 4.8 (a "Modification"); provided that no Modification shall diminish the fair market value, utility, or remaining useful life of such Unit below the value, utility, or remaining useful life thereof immediately prior to such Modification, other than in a de minimis manner, assuming such Unit was then in the condition required to be maintained by the terms of this Agreement, or cause such Unit to become Limited Use Property. If Debtor, at its cost and expense, shall cause any Severable Modifications (which are not Required Modifications) to be made to any Unit, Debtor shall have the right to remove such Severable Modifications at Debtor's cost and expense and, if requested (which request shall be made by not less than 90 days prior written notice in the case of a return other than a return during the continuance of an Event of Default hereunder) by Secured Party will, so remove such Severable Modifications at Debtor's cost and expense.

Section 4.10. *Removal of Property, Replacements.* Debtor may, in the ordinary course of maintenance or repair of any Unit, remove any item of property constituting a part of such Unit, and, unless the removal of such item is required by Section 4.8 hereof, Debtor shall replace such item as promptly as practicable with an item of property that is free and clear of all Liens (other than Permitted Liens) and in as good operating condition as, and with a value, utility and useful life at least equal to, the item of property being replaced, assuming that such replaced item was in the condition required to be maintained by the terms of this Agreement. The Secured Party's security interest in any item of property removed from such Unit as provided in the preceding sentence shall remain in effect until replaced in accordance with the terms of such sentence, but shall then, without further act, be released from the lien of this Agreement. Any such replacement property shall, without further act, be subject to the lien of this Agreement and be deemed part of such Unit for all purposes hereof

Section 4.11. *Loss, Destruction or Requisition*

(a) In the Event that any Unit shall (a) suffer damage or contamination which, in Debtor's reasonable judgment (as evidenced by an Officer's Certificate to such effect), makes repair uneconomic or renders such Unit unfit for commercial use, (b) suffer destruction, theft or disappearance for a period exceeding 12 months, (c) be permanently returned to the manufacturer pursuant to any patent indemnity provisions, (d) have title hereto taken or appropriated by any governmental authority, agency or instrumentality under the power of eminent domain or otherwise, (e) suffer an actual or constructive total loss, (f) in the normal course of interstate rail transportation, have been prohibited from being used for a continuous period in excess of six months as a result of any rule, regulation, or order promulgated, or any other action taken, by the United States government or any agency or instrumentality thereof, (g) be subject to a lease with any Person which operates primarily outside the United States and shall not be returned to Debtor within 60 days of a demand by Debtor for return of such Unit following the termination or other expiration of the term of such lease, or (h) be taken or requisitioned for use by any governmental authority or any agency or instrumentality thereof under the power of eminent domain or otherwise, and such taking or requisition is for a period that extends beyond the maturity date of the Equipment Notes (unless such taking or requisition is by Mexico or any governmental authority, agency or instrumentality thereof, in which case such period shall be the lesser of the period as aforesaid or 365 days) (any such occurrence being hereinafter called an "Event of Loss "), Debtor in accordance with the terms of Section 4.11(b) , shall promptly and fully inform Secured Party and the Indenture Trustee of such Event of Loss; provided, however, that if any Unit shall suffer a theft or disappearance as described in clause (b) above for a period exceeding 6 months, Debtor shall use its reasonable best efforts to inform Secured Party and the Indenture Trustee of such theft or disappearance as an Event of Loss once it has knowledge thereof, regardless of whether the 12-month period referred to in said clause (b) has run.

(b) Debtor shall report, by written notice to the Secured Party given (a) on the date that is 60 days prior to each payment date on the Equipment Notes, or (b) promptly, but in no event later than 30 days, after the date on which a Responsible Officer of Debtor shall have obtained actual knowledge that since the end of the last period for which a report was delivered to the Secured Party under this Section 4.11(b) ten or more Units have suffered an Event of Loss (a "Multiple Loss"), any and all occurrences of an Event of Loss and shall notify the Secured Party of its election to perform one of the following options with respect to each such Unit:

(i) on the payment date on the Equipment Notes immediately following delivery of the foregoing notice (or, in the case of a Multiple Loss, on the first Business Day succeeding the 60th day following the date on which Debtor is required to report such Multiple Loss pursuant to this Section 4.11(b)), Debtor shall comply with Section 4.11(d) hereof and shall subject to the Lien of this Agreement a Replacement Unit, such Replacement Unit to be of the same car type, the same or later year of manufacture of the Unit replaced and free and clear of all Liens (other than Permitted Liens of the type described in clause (ii) with respect to leases, and in clauses (iii), (iv), (vi) and (vii) of the definition thereof) and to have a Fair Market Sales Value, utility, remaining useful life, residual value and condition at least equal to the Unit so replaced (assuming such Unit was in the condition required to be maintained by the terms of this Agreement); provided that if at the time of such replacement, only railcars (x) of a later year of manufacture or (y) with a greater Fair Market Sales Value than the replaced Units are available as Replacement Units, Debtor shall subject such Replacement Units to the Lien of this Agreement as set forth above but Debtor may, at a later date, replace such Replacement Units with other Units that are closer in Fair Market Sales Value to the original replaced Units; provided further that if Debtor shall either fail to elect an option under clause (i) or (ii) of this Section 4.11(b) by the applicable date, or timely elects the option under this clause (i) but shall fail to perform its obligation to effect such replacement under this paragraph (i) on a timely basis, then (except in the case of a

failure to perform an election to replace pursuant to Sections 4.4(b), 4.6, 4.7 or 4.8 hereof) Debtor shall immediately give the Secured Party notice of such failure and Debtor shall pay to the Secured Party on such payment date on the Equipment Notes (or, in the case of a Multiple Loss, on the first Business Day succeeding the 60th day following the date on which Debtor is required to report such loss pursuant to this Section 4.11(b)), the amounts specified in clause (ii) below and provided further that Debtor shall have no right to elect replacement under this clause (i) if at the time Debtor delivers the notice described in the first sentence of this Section 4.11(b), an Event of Default described in Sections 6(a), (e) or (f) shall have occurred and be continuing and provided further that the Debtor may substitute fewer or more Replacement Units than the number of Units which have suffered an Event of Loss so long as (A) such Replacement Unit(s) have in the aggregate a Fair Market Sales Value, utility, remaining economic useful life, residual value and condition at least equal to the aggregate Fair Market Sales Value, utility, remaining economic useful life, residual value and condition of the Unit(s) so replaced (assuming such Unit(s) were in at least the condition required to be maintained by the terms of this Agreement), (B) each such Replacement Unit has a utility and condition not materially worse than that of each of the Units so replaced, and (C) such Replacement Unit(s) otherwise meet the requirements of this paragraph (i); or

(ii) on the payment date on the Equipment Notes immediately following the delivery of the notice described in the first sentence of this Section 4.11(b), Debtor shall pay or cause to be paid to the Secured Party in immediately available funds, an amount equal to the Stipulated Loss Value of each such Unit suffering an Event of Loss or deemed Event of Loss determined as of such payment date on the Equipment Notes; provided, however, that in the event of a Multiple Loss, in lieu of the amounts otherwise required to be paid in respect of each such Unit as provided above, Debtor shall pay or cause to be paid on the first payment date on the Equipment Notes succeeding the 60th day following the date on which Debtor is required to report such loss pursuant to this Section 4.11(b) (the "Multiple Loss Payment Date"), an amount equal to the Stipulated Loss Value of each such Unit determined as of such Determination Date (any such date a "Multiple Loss Determination Date"), provided, further, that if Debtor elects the option under this clause (ii), it shall notify the Secured Party thereof at least 20 days prior to the date such payment is to be made, which election shall be irrevocable on the 15th day prior to the date payment is required hereunder.

(c) At the time of or prior to any replacement of any Unit, Debtor, at its own expense, will (i) cause an amendment to this Agreement, subjecting such Replacement Unit to this Agreement, and duly executed by Debtor, to be delivered to the Secured Party for execution and, upon such execution, to be filed for recordation as required in Section 4.19(a) hereof, (ii) furnish the Secured Party with an opinion of Debtor's counsel (which may be Debtor's General Counsel or Assistant General Counsel), to the effect that all filings and recordings and other action necessary or appropriate to protect the interests of Secured Party and the Indenture Trustee in the Replacement Units (to the extent required by the provisions of this Agreement) have been accomplished, (iii) furnish to the Secured Party an engineer's certificate (which may be from an employee of Debtor) certifying as to the value, utility, remaining useful life and condition required under clause (i) of Section 4.11(b), (iv) furnish to the Secured Party an Officer's Certificate certifying that the Replacement Unit is free and clear of all Liens (other than Permitted Liens of the type described in clause (ii) with respect to leases, and in clauses (iii), (iv), (v) and (vi) of the definition thereof), and (v) furnish such other documents and evidence as the Secured Party, or its counsel, may reasonably request in order to establish the consummation of the transactions contemplated by this Section 4.11(c). For all purposes hereof, upon the execution and delivery of the amendment to this Agreement, the Replacement Unit shall be deemed a "Unit" of Equipment as defined herein. Debtor shall pay all reasonable out-of-pocket costs and expenses (including reasonable legal fees and expenses) incurred by the Secured Party in connection with any replacement pursuant to this Section 4.11(c).

(d) In the event that the use of any Unit is requisitioned or taken by any governmental authority under the power of eminent domain or otherwise for a period which does not constitute an Event of Loss, all of Debtor's obligations under the Debtor Agreements shall continue for the duration of such requisitioning or taking. Debtor shall be entitled to receive and retain for its own account all sums payable for any such period by such governmental authority as compensation for the requisitioning or taking of possession. Any amount referred to in Section 4.12 which is payable to Debtor shall not be paid to Debtor, or if it has been previously paid directly to Debtor, shall not be retained by Debtor, if at the time of such payment an Event of Default shall have occurred and be continuing, but shall be paid to and held by the Secured Party, as security for the obligations of Debtor under the Indenture and the Equipment Notes, and at such time as there shall not be continuing any Event of Default, such amount shall be paid to Debtor.

Section 4.12 *Physical Damage and Public Liability Insurance.* The Debtor will at all times keep each Unit or cause each Unit to be kept insured by a reputable insurance company or companies, in amounts and against risks and with deductibles and terms and conditions not less than the insurance, if any, maintained by the Debtor with respect to similar equipment which it owns or leases, but in no event shall such coverage be for amounts or against risks less than the prudent industry standard for companies engaged in full service leasing of tank and hopper railcars. Without limiting the foregoing, the Debtor will in any event:

(a) (i) for so long as an event of Default shall have occurred and be continuing, or (ii) if required by the Letter Agreement dated as of the Closing between Debtor and the Secured Party (in the circumstances set forth therein), keep each Unit insured against physical damage in an amount not less than the Stipulated Loss Value, subject to a limit of not less than \$10 million per occurrence (except for a \$10 million annual aggregate for flood and earth movement); provided that such coverage may provide for deductible amounts or self-insured retention of not more than \$1,000,000 per occurrence, and

(b) maintain public liability insurance naming the Secured Party and the Indenture Trustee as additional insureds (but only with respect to liability arising out of or related to the Indenture, this Agreement and the Equipment) against bodily injury, death or property damage arising out of the use or operation of the Equipment with general and excess liability limits of not less than \$100,000,000 per occurrence and annually in the aggregate, provided that such coverage may provide for deductible amounts or self-insured retention not exceeding \$25,000,000.

It is understood and agreed that the insurance required hereunder may be part of a group-wide insurance program, including risk-retention and self-insurance. Any policy of insurance maintained in accordance with this Section 4.12 and any policy purchased in substitution or replacement for any of such policies shall provide that if any such insurance is cancelled or terminated, for any reason whatever (other than upon normal policy expiration or non-payment of premiums), the Secured Party shall receive 30 days' prior written notice of such cancellation or termination and shall further provide that if any such insurance is cancelled or terminated for non-payment of premiums, the Secured Party shall receive 10 days' prior written notice of such cancellation or termination

Section 4.13 *Physical Damage Insurance*

(a) The insurance maintained pursuant to Section 4.12(a) shall provide that (i) so long as the Equipment Notes remain outstanding, the proceeds up to the Stipulated Loss Value for any loss or damage to any Unit shall be paid to the Secured Party under a standard mortgage loss payable clause, and thereafter to Debtor and (ii) so long as no Event of Default shall have occurred and be continuing, Debtor will

be entitled, at its own expense, to make all proofs of loss and take all other steps necessary to collect the proceeds of such insurance.

(b) The entire proceeds of any property insurance or third party payments for damage to any Unit received by Secured Party or the Indenture Trustee shall be held by such party until, with respect to such Unit, the repairs referred to below are made or payment of the Stipulated Loss Value is made, and such entire proceeds will be paid, so long as no Lease Event of Default shall have occurred and be continuing to Debtor promptly following receipt by the Secured Party of a written application signed by Debtor for payment to Debtor for repairing or restoring the Units which have been damaged so long as (1) Debtor shall have complied with the applicable provisions of this Agreement, and (2) Debtor shall have certified that any damage to such Units shall have been fully repaired or restored.

Section 4.14. Public Liability Insurance

(a) The public liability insurance referred to in paragraph 4.12(b) shall (i) provide that inasmuch as such policies cover more than one insured, all terms, conditions, insuring agreements and endorsements, with the exception of limits of liability and liability for premiums, commissions, assessments or calls (which shall be solely a liability of Debtor), shall operate in the same manner as if there were a separate policy or policies covering each insured, (ii) provide that, as a result of Debtor's waiver of subrogation contained in Section 4.14(d) the insurers shall have no rights of subrogation against the Secured Party, (iii) provide that the Secured Party shall not have any responsibility for any insurance premiums, whether for coverage before or after cancellation or termination of any such policies as to Debtor and (i) be primary without contribution from any similar insurance maintained by the Secured Party.

(b) Debtor shall use its reasonable best efforts to obtain public liability insurance policies stipulating that coverage thereunder will not be invalidated (as to the Secured Party) due to any action or inaction of Debtor or any other Person (other than the Secured Party, but only in respect of its coverage), but shall be under no obligation to obtain such policies containing such stipulations if they are not available to Debtor at commercially reasonable rates in the markets in which Debtor has then placed its insurance program.

(c) In the event any public liability insurance policy or coverage thereunder which are required to be maintained under Section 4.12(b) shall not be available to Debtor in the commercial insurance market on commercially reasonable terms, Debtor shall promptly notify the holders of the Equipment Notes and the Secured Party. Debtor shall make written request for waiver from such requirement in writing to the holders of the Equipment Notes, accompanied by written reports prepared, at Debtor's option, either by (i) one independent insurance advisor chosen by Debtor and the Secured Party or (ii) three independent insurance advisors, one chosen by the Secured Party, one chosen by Debtor and one chosen by the other two advisors (one of which may be the regular insurance broker or brokers of Debtor), in either case, such independent insurance advisors being of recognized national standing. The fees and expenses of all such advisors shall be paid by Debtor. The written reports required hereunder shall (x) state that such insurance (or the required coverage thereunder) is not reasonably available to Debtor at commercially reasonable premiums in the commercial insurance markets within which Debtor normally purchases its insurance from insurers, acceptable to Debtor, with a Best's rating of A- or better for railcars of similar type and capacity and (y) explain in detail the basis for such conclusions. Upon the granting of any such waiver, Debtor shall within 15 days thereafter certify to the Secured Party in writing the cost (on a fleet-wide basis) of liability insurance premiums for the coverage required by Section 4.12(b) for the immediately preceding fiscal year; and in the event that any such certificate is not received by the Secured Party within such 15 day period, any such waiver shall be deemed revoked. At any time after the granting of such waiver, but not more often than once a year, the Secured Party may make a written request for a supplemental report (in form reasonably acceptable to the Secured Party) from such insurance advisor(s) updating the prior report and reaffirming the

conclusions set forth therein. Debtor shall provide any such required supplemental report within 60 days after receipt of the written request therefor. Any such waiver shall be effective for only as long as such insurance is not reasonably available to Debtor in the commercial markets in which Debtor normally purchases its insurance at commercially reasonable rates, it being understood that the failure of Debtor to furnish timely any such supplemental report shall be conclusive evidence that such condition no longer exists. If such supplemental report shows that such coverage is available, Debtor shall within 90 days of such report obtain such insurance coverage. During any period with respect to which such waiver has been granted and remains in effect under this Section 4.14(c), Debtor shall obtain public liability insurance as set forth in Section 4.12(b) from such carriers, in such amounts and with coverage limits and deductibles as is prudent under the circumstances, but in any event in an amount that may be purchased for a premium equal to 110% of Debtor's cost (on a fleet-wide basis) of public liability insurance premiums for the coverage required by Section 4.12(b) for the fiscal year immediately preceding the fiscal year in which such waiver first was granted.

(d) Debtor hereby waives (on behalf of itself and its insurers) all of Debtor's and Debtor's insurers' rights of subrogation against the Secured Party with respect to all matters relating to or arising out of the Units, this Agreement, the Indenture, the Equipment Notes or the transactions contemplated thereby.

Section 4.15 Certificate of Insurance Debtor shall, prior to the date when the renewal certificate referred to below is sent (but in any event not less than annually), furnish the Secured Party and the Indenture Trustee with a certificate signed by the insurer or an independent insurance broker showing the insurance then maintained by Debtor pursuant to Section 4.12 and, with respect to any renewal policy or policies, (x) provide notice to the Secured Party prior to such renewal date in the event the Debtor will not renew such policy or policies (unless such policy is or policies are being replaced by a new policy or policies that comply with the requirements of this Agreement) and (y) furnish certificates or binders evidencing such renewal as soon as practicable, but in no event later than 15 days after the earlier of the date such renewal is effected or the expiration date of the original policy or policies. Simultaneously, with the furnishing of such certificate, Debtor will provide appropriate evidence, reasonably satisfactory to the Secured Party, that all premiums due on such insurance have been paid.

Section 4.16. Additional Insurance. In the event that Debtor shall fail to maintain insurance as provided in Section 4.12 or, if applicable, Section 4.14, Secured Party may at its option, but shall not be so obligated, upon prior written notice to Debtor, provide such insurance and, in such event, Debtor shall, upon demand from time to time reimburse Secured Party for the cost thereof together with interest from the date of payment thereof at the Late Rate, on the amount of the cost to Secured Party of such insurance which Debtor shall have failed to maintain. If after Secured Party has provided such insurance, Debtor then obtains the coverage provided for in Section 4.12 which was replaced by the insurance provided by Secured Party, and Debtor provides Secured Party with evidence of such coverage reasonably satisfactory to Secured Party, Secured Party shall cancel the insurance it has provided pursuant to the first sentence of this Section 4.16. In such event, Debtor shall reimburse Secured Party for all costs to Secured Party of cancellation, including without limitation any short rate penalty, together with interest from the date of Secured Party's payment thereof at the Late Rate. In addition, at any time Debtor may at its own expense carry insurance with respect to its interest in the Units, provided that such insurance does not interfere with Secured Party's ability to insure the Equipment as required by Sections 4.12, 4.13, 4.14, 4.15, 4.16 and 4.17 hereof or adversely affect Debtor's insurance or the cost thereof, it being understood that all salvage rights to each Unit shall remain with Debtor's insurers at all times. Any insurance payments received from policies maintained by Secured Party pursuant to the previous sentence shall be deposited under the Indenture for the payment of principal of and interest on the Equipment Notes.

Section 4.17. Pollution Coverage. Debtor shall maintain public liability insurance policy pursuant to Section 4.12 on the date hereof which, as of the date hereof, includes coverage for pollution

incidents (other than as may occur on property owned, leased, controlled or occupied by Debtor) of a sudden and accidental nature, including, without limiting the generality of the foregoing, collision and overturn of railcars arising out of the use or operation of the Units; provided however, that such insurance shall cover third-party bodily injury and property damage claims and shall not cover property owned, leased or occupied by Debtor. Such insurance shall provide coverage for clean up should Debtor become legally obligated to pay, subject to a limit of not less than \$5,000,000 per occurrence and annual aggregate. The coverage under such insurance shall be maintained as long as it remains available on commercially reasonable terms under such public liability insurance policy as determined in a manner consistent with Section 4.14(c)

Section 4.18. *Reports; Inspection.*

(a) On or before May 31, 2013, and on or before each May 31 thereafter, Debtor will furnish to Secured Party and the Indenture Trustee an accurate statement, as of the preceding December 31, (i) showing the amount, description and reporting marks of the Units then pledged as security hereunder, the amount, description and reporting marks of all Units that may have suffered an Event of Loss during the 12 months ended on such December 31, and such other information regarding the condition or repair of the Equipment as Secured Party may reasonably request, (ii) stating that, in the case of all Equipment repainted during the period covered by such statement, the reporting mark required by Section 4.1 hereof shall have been preserved or replaced, and (iii) showing the percentage of use in both Canada and Mexico based on the total mileage traveled by all railcars in Debtor's fleet for the prior calendar year as reported to Debtor by railroads, and stating that Debtor is not aware of any condition of any Unit which would cause such Unit not to comply in any material respect with the rules and regulations of the FRA and the Interchange Rules as they apply to the maintenance and operation of the Equipment in interchange

(b) Secured Party and the Indenture Trustee each shall have the right, but not the obligation, by their respective authorized representatives (which may include any Note Purchaser), to inspect the Equipment and Debtor's maintenance records with respect to the Equipment. All inspections shall be conducted during Debtor's normal business hours and upon reasonable prior notice to Debtor. Debtor shall not be liable for any injury to, or the death of, any Person exercising, either on behalf of Secured Party, the Indenture Trustee or any prospective user or their authorized representatives, the rights of inspection granted under this Section 4.18(b) unless caused by Debtor's gross negligence or willful misconduct. No inspection pursuant to this Section 4.18(b) shall interfere with the use, operation or maintenance of the Equipment or the normal conduct of Debtor's business, and Debtor shall not be required to undertake or incur any additional liabilities in connection therewith. Upon request by Secured Party or the Indenture Trustee, which request shall not be made more than once in any calendar year (except following an Event of Default hereunder, in which case there shall be no limit on the number of times such a request may be made), Debtor, upon three Business Days' prior notice from Secured Party or the Indenture Trustee, will provide Debtor or the Indenture Trustee, as the case may be, with reasonable access at Debtor's office where such information is located to information regarding the location and Person in possession of any or all Units as specified in such request. Neither the Secured Party nor the Indenture Trustee nor their respective agents and counsel shall make any disclosure to any person or entity not a party hereto of any information obtained pursuant to this Section 4.18(b) regarding the location and Person in possession of any or all Units, except only to the extent such information is required to be transmitted (i) to regulatory authorities should they request it, (ii) to the Secured Party and the Indenture Trustee's attorneys and advisors, (iii) pursuant to order or legal process of any court or governmental agency, or (iv) in connection with any legal action to which the Secured Party or the Indenture Trustee may be a party arising out this Agreement.

Section 4.19 *Filings and Further Assurances*

(a) This Agreement and the Supplemental Indenture or counterparts or copies thereof or evidence thereof may be filed or recorded in any public office as may be necessary or appropriate to perfect and protect the interest of the Secured Party herein or in the Units. On or prior to the date hereof Debtor will cause this Agreement and the Supplemental Indenture to be (i) duly filed and recorded with the STB in accordance with 49 U.S.C. §11301, and (ii) deposited in the Office of the Registrar General of Canada pursuant to Section 105 of the Canada Transportation Act (and all necessary actions shall have been taken for publication of such deposit in The Canada Gazette in accordance with said Section 105). As soon as practicable after the date hereof (but in any event no later than 60 days after the date hereof), Debtor will (i) cause notice of the security interests created in this Agreement to be filed in the appropriate offices in the Canadian provinces of Ontario, Manitoba, Saskatchewan, Alberta, British Columbia, Quebec, Nova Scotia and New Brunswick and the Canadian territory of the Northwest Territories, and (ii) furnish the Secured Party proof thereof.

(b) Debtor will duly execute and deliver to the Secured Party such further documents and assurances and take such further action as the Secured Party may from time to time reasonably request or as may be required by applicable law or regulation in order to effectively carry out the intent and purpose of this Agreement and the other Operative Agreements and to establish and protect the rights and remedies created or intended to be created in favor of the Secured Party hereunder and thereunder, including, without limitation, the execution and delivery of supplements or amendments hereto, in recordable form, subjecting to this Agreement any Replacement Unit and the recording or filing of counterparts hereof or thereof in accordance with the laws of such jurisdiction as the Secured Party may from time to time deem advisable; provided, however that Debtor shall not be required to make any recording or filing in any province in Canada (or any political subdivision thereof) or in Mexico (or any political subdivision thereof) in respect of a Replacement Unit if (i) Debtor in good faith (as evidenced by an Officer's Certificate to such effect) deems such action unduly burdensome and (ii) after giving effect to the failure to take such action, Debtor has taken all action required by law so as to perfect and protect the right, title and interests of the Secured Party in the Equipment in respect of Units having a Stipulated Loss Value of not less than 90% of the aggregate Stipulated Loss Value of the Equipment.

(c) If, at any time while the Equipment Notes are outstanding, Mexico, or one or more states in Mexico, establishes a state or provincial system for filing and perfecting the security interest of entities such as the Secured Party, Debtor shall cause this Agreement and the Indenture to be recorded under such system to be so recorded and shall cause all other filings and recordings and all such other action required under such system to be effected and taken, in order to perfect and protect the respective right, title and interests of the Secured Party. Notwithstanding anything contained herein to the contrary, Debtor's obligations in this Section 4.19(c) shall be subject in all respects to the provisions of Section 4.19(b).

(d) Debtor will pay all costs, charges and expenses (including reasonable attorneys' fees) incident to any such filing, refiling, recording and rerecording or depositing and re-depositing of any such instruments or incident to the taking of such action.

4. Additional Covenants of the Debtor. The Debtor hereby covenants and agrees with the Secured Party that:

(a) Merger Covenant. The Debtor shall not consolidate with or merge into any other Person, or permit any other Person to merge into it, or convey, transfer or lease substantially all of its assets as an entirety to any Person unless, if the Person formed by such consolidation or surviving such merger is not the Debtor (i) the Person formed by such consolidation or surviving such merger or the Person which acquires by conveyance, transfer or lease substantially all of the assets of the Debtor as an entirety is an entity organized and existing under the laws of the United States or any state thereof or the District of Columbia and shall execute and deliver to the Secured Party an agreement containing the assumption by

such successor entity of the due and punctual performance and observance of each covenant and condition of this Agreement and the Indenture to be performed or observed by the Debtor, (ii) the Debtor shall have made all filings necessary or appropriate in the reasonable opinion of the Secured Party in order to preserve and protect the rights of the Secured Party hereunder and (iii) there shall have been delivered to the Secured Party an Officer's Certificate of the successor to the Debtor (or such Person as is the surviving corporation) and an opinion of counsel (which may be such Person's in-house counsel) in form and substance reasonably satisfactory to the Secured Party, each stating that such consolidation, merger, conveyance, transfer or lease and the assumption agreement mentioned in clause (i) above comply with this Section 5(a). Upon such consolidation or merger, or any conveyance, transfer or lease of substantially all of the assets of the Debtor as an entirety in accordance with this Section 5(a), the successor entity formed by such consolidation or into which the Debtor is merged or to which such conveyance, transfer or lease is made shall succeed to, and be substituted for, and may exercise every right and power of, the Debtor under this Agreement and the Indenture with the same effect as if such successor entity had been named as the Debtor herein.

(b) Corporate Existence. The Debtor shall at all times maintain its corporate existence except as permitted by Section 5(a) hereof, and it shall do or cause to be done all things necessary to preserve and keep in full force and effect its corporate rights, powers, privileges and franchises except for any corporate right, power, privilege or franchise that it in good faith determines is no longer necessary or desirable in the conduct of its business.

5. Additional Actions by the Secured Party. The Secured Party, at its option, may from time to time perform any agreement of the Debtor hereunder which the Debtor shall fail to perform and take any other action which the Secured Party in good faith deems necessary for the maintenance or preservation of any of the Collateral or its interest therein (including, without limitation, the discharge of taxes or Liens of any kind against the Collateral or the procurement of insurance or other charges), and the Debtor agrees to forthwith reimburse the Secured Party for all costs and expenses incurred by the Secured Party in connection with the foregoing, together with interest thereon at the Late Rate, from the date incurred until reimbursed by the Debtor. The Secured Party may for the foregoing purposes act in its own name or that of the Debtor and may also so act for the purposes of adjusting, settling or cancelling any policy of insurance on the Collateral or endorsing any draft received in connection therewith, in payment of a loss or otherwise, for all of which purposes the Debtor hereby grants to the Secured Party its power of attorney, which power of attorney is coupled with an interest and shall be irrevocable during the term of this Agreement.

6. Events of Default. The following events shall constitute Events of Default hereunder (whether any such event shall be voluntary or involuntary or come about or be effected by operation of law or pursuant to or in compliance with any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body) and each such Events of Default shall be deemed to exist and continue so long as, but only as long as, it shall not have been remedied:

- (a) an Indenture Default shall have occurred and be continuing; or
- (b) Debtor shall fail to maintain in effect the insurance required hereby and such failure shall not have been waived as provided for therein; or
- (c) Debtor shall fail to observe or perform any of the covenants or agreements to be observed or performed by Debtor in herein, and such failure shall continue unremedied for 30 days; or

(d) any representation or warranty made by Debtor in the Indenture or this Agreement is untrue or incorrect in any material respect as of the date of making thereof and such untruth or incorrectness shall continue to be material and unremedied for a period of 30 days after receipt by Debtor of written notice thereof from the Secured Party or a holder of the Equipment Notes; provided that, if such untruth or incorrectness is capable of being remedied, no such untruth or incorrectness shall constitute an Event of Default hereunder for a period of 60 days after receipt of such notice so long as Debtor is diligently proceeding to remedy such untruth or incorrectness and shall in fact remedy such untruth or incorrectness within such period; provided that such untrue or incorrect representation or warranty shall be deemed to be remedied only after all adverse consequences thereof, if any, have been remedied; or

(e) Debtor shall (i) commence a voluntary case or other proceeding seeking liquidation, reorganization or other relief with respect to itself or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect, or seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property, or (ii) consent to any such relief or to the appointment of or taking possession by any such official in any voluntary case or other proceeding commenced against it, or (iii) admit in writing its inability to pay its debts generally as they come due, or (iv) make a general assignment for the benefit of creditors, or (v) take any corporate action to authorize any of the foregoing; or

(f) an involuntary case or other proceeding shall be commenced against Debtor seeking liquidation, reorganization or other relief with respect to it or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect, or seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property, and such involuntary case or other proceeding shall remain undismissed and unstayed for a period of 60 days; or

(g) Debtor shall fail to observe or perform any other of the covenants or agreements to be observed or performed by Debtor under the Indenture or this Agreement and such failure shall continue unremedied for 30 days after notice from the Secured Party to Debtor or any holder of the Equipment Notes to Debtor and Secured Party, specifying the failure and demanding the same to be remedied; provided that, if such failure is capable of being remedied, and the remedy requires an action other than, or in addition to, the payment of money, no such failure (other than one relating to the payment of such money) shall constitute an Event of Default hereunder for a period of 90 days after receipt of such notice so long as Debtor is diligently proceeding to remedy such failure and shall in fact remedy such failure within such period, or

(h) the Lien of the Secured Party in respect of the Equipment shall at any time cease to constitute a first perfected security interest in such property (except for Permitted Liens);

provided that, notwithstanding anything to the contrary contained in this Agreement, any failure of Debtor to perform or observe any covenant or agreement herein shall not constitute an Event of Default if such failure is caused solely by reason of an event referred to in the definition of "Event of Loss" so long as Debtor is continuing to comply with the applicable terms of Section 4.11 hereof

7. Remedies.

(a) Upon the occurrence of any Event of Default and at any time thereafter so long as the same shall be continuing, the Secured Party or the holders of not less than a majority in aggregate principal amount of the Equipment Notes outstanding may, at their option, declare this Agreement to be in default by a written notice to Debtor (and also to Secured Party if given by holders, except that this

Agreement shall, without any action on the part of the Secured Party or holders, be automatically deemed to have been declared in default upon the occurrence of an Event of Default described in Section 7(e) or (f) and at any time thereafter), unless Debtor shall have remedied all outstanding Events of Default prior to the commencement of the exercise by the Secured Party of any of its remedies hereunder, the Secured Party may do one or more of the following as the Secured Party in its sole discretion shall elect, to the extent permitted by, and subject to compliance with any mandatory requirements of, applicable law then in effect:

(i) proceed by appropriate court action or actions, either at law or in equity, to enforce performance by Debtor of the applicable covenants of this Agreement or to recover damages for the breach thereof,

(ii) the Secured Party shall have the right to take immediate possession of the Collateral covered hereby, and, for that purpose may pursue the same wherever said Collateral may be found, and may enter upon any of the premises of the Debtor with or without process of law and without breach of the peace, wherever said Collateral may be or may be supposed to be, and search for the same, and, if found, take possession of and remove and sell and dispose of said Collateral, or any part thereof; or

(iii) sell any Unit at public or private sale by such advertisement or publication, if any, as the Secured Party may determine, free and clear of any rights of Debtor

(b) The remedies in this Agreement provided in favor of the Secured Party shall not be deemed exclusive, but shall be cumulative and shall be in addition to all other remedies in its favor existing at law or in equity. Debtor hereby waives any mandatory requirements of law, now or hereafter in effect, which might limit or modify any of the remedies herein provided, to the extent that such waiver is permitted by law. To the extent permitted by applicable law, Debtor hereby waives any rights now or hereafter conferred by statute or otherwise that may require the Secured Party to sell, Agreement or otherwise use the Equipment in mitigation of the Secured Party's damages as set forth in Section 8(a) or that may otherwise limit or modify any of the Secured Party's rights and remedies provided in this Section 8.

(c) No delay or omission to exercise any right, power or remedy accruing to the Secured Party upon any breach or default by Debtor under this Agreement shall impair any such right, power or remedy of the Secured Party, nor shall any such delay or omission be construed as a waiver of any breach or default, or of any similar breach or default hereafter occurring; nor shall any waiver of a single breach or default be deemed a waiver of any subsequent breach or default.

(d) Debtor agrees to furnish to the Secured Party, promptly upon any officer of Debtor acquiring actual knowledge of any condition which constituted or constitutes an Event of Default under this Agreement, written notice specifying such condition and the nature and status thereof.

(e) Upon the occurrence of an Event of Default pursuant to Section 7(a), (e) or (f), the Secured Party may request that Debtor deliver to the Secured Party, and upon such request Debtor agrees that it will promptly provide to the Secured Party, a detailed list of all Units that are then being leased by Debtor, the identity of the lessees with respect to such Units, the identity of an employee or other agent of each such lessee with whom Debtor regularly communicates regarding such Units and the most recent known location of such Units.

8. Application of Proceeds and Deficiency The Secured Party may apply the net proceeds of any sale, lease or other disposition of any of the Collateral or of any other collection of any of the

Collateral or any the proceeds of any of the Collateral, after deducting its compensation and all costs and expenses of every kind incurred therein or incidental to the retaking, holding, preparing for sale, selling, leasing, licensing or the like of the Collateral on the Debtor's premises, or elsewhere, or in any way related to the Secured Party's rights under this Agreement (including, without limitation, reasonable attorneys' fees and expenses and fees and expenses of agents) to the payment, in whole or in part, of the amounts secured hereby, whether due or not due, absolute or contingent, and only after payment by the Secured Party of any other amounts required by any existing or future provision of law need the Secured Party account to the Debtor for the surplus, if any. The proceeds of any sale(s), lease(s), license(s) or other disposition(s) of any of the Collateral and/or of any collection(s) of any of the Collateral shall be applied by the Secured Party in the following order: (a) first, to the payment of its compensation and all costs, expenses, liabilities and advances, including the fees and expenses of its counsel and agents, made or incurred by the Secured Party in connection with the performance by the Secured Party of its duties hereunder and under the Operative Agreements and the collection and enforcement of the amounts secured hereby and the sale or other realization upon the Collateral; provided, however, that nothing herein is intended to relieve the Debtor of its obligation to pay such costs, expenses, liabilities and advances; (b) second, to the payment of the amount secured hereby in such order and manner as the Secured Party, in its discretion, may elect; and (c) third, to the payment of any surplus remaining after the payment of the amounts mentioned, to the Debtor or to whomsoever may be lawfully entitled thereto. The Debtor shall remain liable to the Secured Party for the payment of any deficiency, with interest.

9. Amendments; Waivers, Remedies Cumulative. This Agreement may not be amended except by a writing duly signed by the Debtor and the Secured Party. Prior to executing any amendment, the Debtor shall provide the Secured Party an Officer's Certificate and an Opinion of Counsel stating that such amendment is authorized or permitted by the Operative Agreements. No delay on the part of the Secured Party in the exercise of any right or remedy under this Agreement shall operate as a waiver thereof and no single or partial exercise by the Secured Party of any right or remedy shall preclude other or further exercise thereof or the exercise of any other right or remedy. Each and every right and remedy granted to the Secured Party under this Agreement and the Indenture, or at law or in equity, shall be deemed cumulative and may be exercised from time to time. The Secured Party shall not by any act, delay, omission or otherwise be deemed to have waived any of its rights or remedies under this Agreement and no waiver whatsoever shall be valid unless in writing and signed by the Secured Party and then only to the extent therein set forth. A waiver by the Secured Party of any right or remedy under this Agreement on any one occasion shall not be construed as a bar to any right or remedy which the Secured Party would otherwise have on any future occasion. The headings of the paragraphs hereof shall not be considered in the construction or interpretation of this Agreement.
